Great G&T serves

TANQUERAY SEVILLA & AROMATIC TONIC.....15.50

The rare Sevilla orange is an ingenious choice to bring a distinct and bold flavour to Tanqueray Sevilla. With the zestiness of lime and the juiciness of mandarin orange, this gin is the best kept secret of the British-Indian tradition. Best enjoyed with aromatic tonic water and a slice of orange.

SIPSMITH & ELDERFLOWER TONIC.....13.50

Sipsmith Gin is presented as a marriage between England, where it is distilled and Iceland, where it is reduced to bottling strength with pure Icelandic spring water. Classic gin recipe with a particularly notes of cucumber essence add on it. All the ingredient has been cooked separately and then blend them together at the end.

N.3 LONDON DRY & MEDITERRANEAN TONIC.....15.00

A beautiful looking gin from Berry Bros. made to a special recipe, the name No.3 refers to the address of BBR- Number 3, St James's Street. With juniper at its heart, it's also made with orange peel. Grapefruit peel, coriander, cardamom and angelica.

WARNER RHUBARB & AROMATIC TONIC.....18.00

The Warner Edwards distillers in Northamptonshire have brought us another flavour of excellent gin - they've been rather prolific since they started in 2012, haven't they? This time, they've gone all regal and created Victoria's Rhubarb Gin, which uses a variety of rhubarb originally grown in Queen Victoria's garden, hence the name, as well as their Harrington Dry Gin. They also add just enough sugar to balance out the acidity from the rhubarb, producing a spirit with plenty of sweetness and some subtle, enjoyably sour notes emanate from the rhubarb.

CAMBRIDGE GIN & TONIC WATER.....15.00

A terrific gem of a gin from the Cambridge Distillery, made with Macedonian juniper and a selection of botanical capturing the essence of all four seasons. Cambridge Dry Gin features blackcurrant leaf, lemon verbena, angelica seed, rose petals, violet petals and basil and rosemary from the distillery gardens.

MONKEY 47 & MEDITERRANEAN TONIC.....19.00

A master quality gin with floral notes, the freshness of tangy citrus fruits, a clear juniper tone, a peppery, spicy mouthfeel and a subtle hint of cranberries to give it that certain "je ne sais quoi". Rare but True Admittedly, it appears somewhat eccentric to claim that a recipe for gin has the power to unite great British traditions, the exoticness of India, and the purity and nativeness of the Black Forest. And yet it is precisely this eccentricity that defines the enigmatic character of Montgomery Collins, from whom our Schwarzwald Dry Gin originates. A good third of the 47 botanicals for this special gin come from the Black Forest and are definitely not what you would call typical gin flavorings!
